

Two sets – one promise: Comfort without compromise.

Whichever manoeuvring system you choose, combining it with the easydriver Level powered by Knott levelling system creates a perfectly coordinated, comprehensive solution.

Set 1:
easydriver infinity + easydriver Level
The high-tech solution for maximum performance and smart control.

Highly efficient and smooth to operate – delivering up to 30% greater efficiency.

- › Electric engagement and disengagement
- › Tyrefree-concept concept for maximum traction and mounting flexibility
- › Significantly lighter design and lower energy consumption
- › App-based control with real-time data

Fully automatic operation through the **myCaravaning-App**. For relaxed manoeuvring, precise levelling, and reliable stability.

Set 2:
easydriver pro + easydriver Level
The proven classic – robust, powerful and reliable.

Powerful technology with simple operation – for anyone seeking comfort and top performance.

- › Automatic engagement and disengagement at the touch of a button
- › Suitable for all vehicle sizes
- › Includes wireless remote control for all functions, with status feedback
- › Compatible with the **myCaravaning-App**

More possibilities. Less weight.

With the easydriver LevelDrive, you can level your caravan electrically using the manoeuvring drive – no hydraulic system required. This saves weight and

offers a smart solution that allows you to not only level but also comfortably manoeuvre your caravan.

Easy to retrofit. Smart in every respect.

Do you already use an easydriver pro or easydriver infinity? You can easily upgrade your manoeuvring system with

easydriver Level powered by Knott. Turn existing technology into even greater convenience for your travels.

Tailored planning. Personal advice.

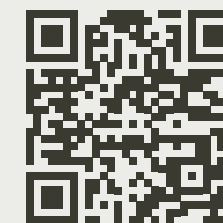

easydriver LevelDrive is suitable for single-axle caravans with a Knott chassis. For older models or chassis from other manufacturers, REICH and

your specialist dealer will gladly help you determine which version best suits your caravan. Find a specialist dealer near you at: reich-easydriver.com/en

LevelDrive

The smart
leveling system

easydriver

Automatic. Comfortable. Perfectly level.

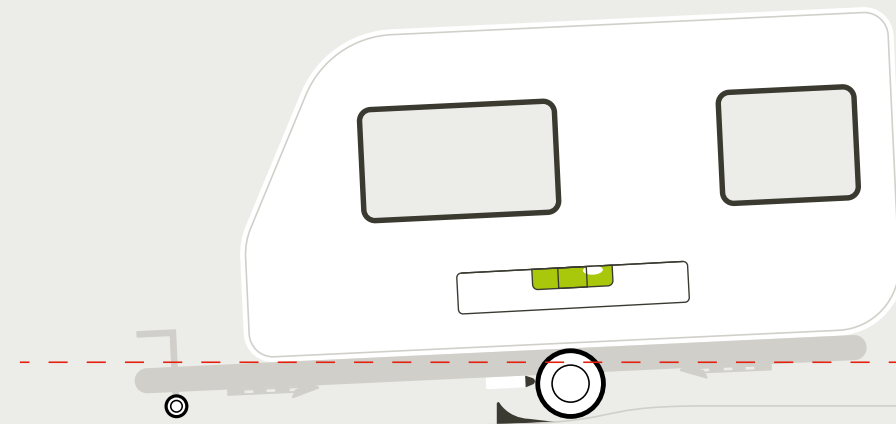

With *easydriver LevelDrive*, levelling your caravan becomes the easiest part of your trip. Thanks to a powerful manoeuvring aid, fully automatic

support technology and intelligent control, the system levels your caravan precisely—without stress or hassle, and easily via our app.

*easydriver
LevelDrive – for greater
comfort, control and
quality in your travels.*

Here's how it works – simply smart.

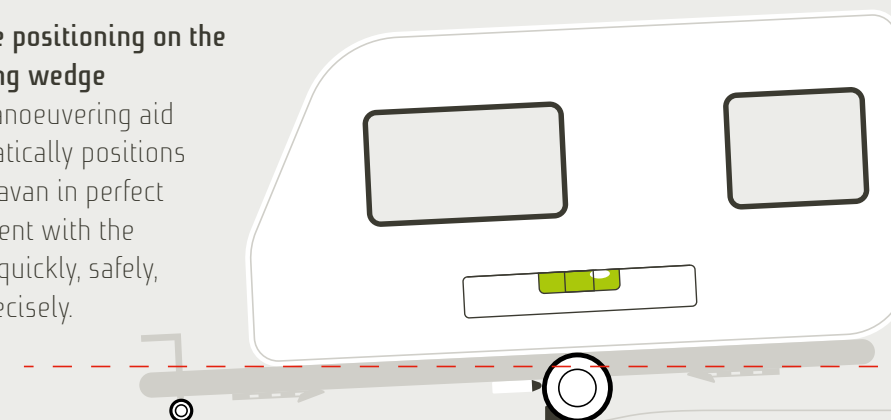

1. Manoeuvring with the *easydriver pro/easydriver infinity*
Effortlessly manoeuvre your caravan to your desired pitch.

2. Smart terrain detection via the app
The *myCaravaning-App* detects the slope and indicates where a levelling wedge is needed.

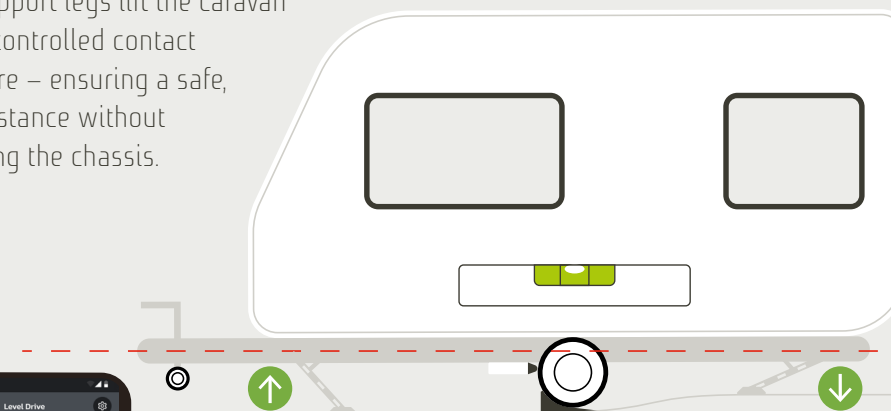

3. Precise positioning on the levelling wedge

The manoeuvring aid automatically positions the caravan in perfect alignment with the axle – quickly, safely, and precisely.

4. Fully automatic levelling via motorized supports

The support legs lift the caravan using controlled contact pressure – ensuring a safe, stable stance without straining the chassis.

Three components. One smart system.

Manoeuvring system
easydriver pro or *infinity*

Motorized support legs
easydriver Level powered by Knott

Smart App-control
both systems connected in the *myCaravaning-App*

Everything under control – all in the app

With just a touch of your finger, the app effortlessly guides you to the perfect level position for your caravan.

Compelling benefits – for anyone who loves a more effortless caravanning experience.

**Complete
system**

Manoeuvring, levelling, and stabilising – all in one smart operation

Intuitive App-control

Levelling with intelligent guidance and live feedback

**Precise
levelling**

Firm grip on any surface – thanks to a powerful manoeuvring drive and automatic axle correction

**Control
and comfort**

A tangible sense of safety and peace of mind

**Fully
automatic
support**

No manual cranking, no stress – simply start the app, simply arrive

**Combined
expertise**

A well-engineered system from REICH *easydriver*
